

To all Customers

Subject: California's Safe Drinking Water & Toxic Enforcement Act of 1986 - Compliance

Dear Customer,

This document is aimed at providing your company with information concerning the content of chemicals known to the State of California to cause cancer or reproductive toxicity, in compliance with 27 CA ADC § 25606.

The current Proposition 65 list was last updated on April 21, 2023, and it is available at <https://oehha.ca.gov/proposition-65/proposition-65-list>.

Concerning Health and Safety Code § 25249.5 – 25249.14, we inform you that, based on the currently available information, products supplied by SEST S.P.A may result in exposure to:

PRODUCT DESCRIPTION	LISTED SUBSTANCE	CAS NUMBER	TYPE OF TOXICITY	REMARKS
METALLIC COMPONENTS	Lead	7439-92-1	Developmental Toxicity Male Reproductive Toxicity Female Reproductive Toxicity	
METALLIC COMPONENTS	Nickel	7440-02-0	Cancer	

We recommend providing exposed employees with warning information and training on the Federal Hazard Communication Standard and the California Hazard Communication Standard (HCS). Also, we recommend displaying the warning material provided most appropriately in the workplace to ensure efficient hazard communication.

If the product is intended to be used by the consumer or integrated into a complex object used by the consumer, we strongly recommend providing the warning material by choosing the appropriate method of transmission, in compliance with the requirement of 27 CCR § 25602 and 25603.

Below you can find an example of the warning material. Please download and use the warning symbol that OEHHA provides at <https://www.p65warnings.ca.gov/warning-symbol>.
