

To all Customers

Subject: PRODUCTS' PFAS CONTENT

Dear Customer,

We inform you that LU-VE Group is aware of the new proposal for REACH restriction on PFAS submitted by several Member States. Based on the currently available information, PFAS will be banned in almost all products and materials. LU-VE Group will monitor the assessment and accordingly plan a supplier survey (<https://echa.europa.eu/it/registry-of-restriction-intentions/-/dislist/details/0b0236e18663449b>).

This proposed restriction covers all substances that meet the following definition:

"Per- and polyfluoroalkyl substances (PFASs) defined as: Any substance that contains at least one fully fluorinated methyl (CF<sub>3</sub>-) or methylene (-CF<sub>2</sub>-) carbon atom (without any H/Cl/Br/I attached to it).

A substance that only contains the following structural elements is excluded from the scope of the restriction: CF<sub>3</sub>-X or X-CF<sub>2</sub>-X', where X = -OR or -NRR' and X' = methyl (-CH<sub>3</sub>), methylene (-CH<sub>2</sub>-), an aromatic group, a carbonyl group (-C(O)-), -OR'', -SR'' or -NR''R'''; and where R/R'/R''/R''' is a hydrogen (-H), methyl (-CH<sub>3</sub>), methylene (-CH<sub>2</sub>-), an aromatic group or a carbonyl group (-C(O)-)."

Based on the currently available information, we inform you that the products supplied by LU-VE Group to your company do not contain substances that can be identified as PFAS according to the above definition.

LU-VE Group companies covered by this declaration are:

- LU-VE S.p.A.;
- Sest S.p.A.;
- Sest-LU-VE Polska Sp. z o.o.;
- Heat Transfer System s.r.o.;
- Air Hex Alonte S.R.L.;
- Refrion SRL.;
- TGD – Thermo Glass Door S.p.A.;
- AIA / LU-VE Sweden AB;
- Spirotech Heat Exchangers;
- LU-VE US Inc.
